

The Wine Cellar

Prestige Packages &
Bespoke Tastings

Longueville

M A N O R

.....

The Longueville Manor Wine Cellar is the first of its kind in Jersey and rivals the finest throughout the UK. The state-of-the-art facility hosts over 4,000 wines, Champagnes and Ports. The cellar is available for wine tastings, tutorials and exclusive private events. Private tours can be arranged by appointment only.

Guests can find the cellar through a beautifully built archway mirroring that of the kitchen garden. The cellar has been designed by Sorrells Custom Wine Cellars, the UK's most prestigious wine storage experts who have notably worked for The Ritz, Galvin La Chapelle and The Dorchester.

Longueville Manor's Managing Director, Pedro Bento, has designed a collection of tasting packages to suit every palate. Guests can choose from this collection or create their own bespoke experience.

“Longueville Manor is a highly prestigious hotel and now the wine cellar is the envy of every major hotel around the world”

Tim Lewis, Operations Director, Sorrells

Packages
