

Wine Tastings

Longueville

M A N O R

“The highly prestigious Longueville Manor now has a wine cellar that is the envy of every major hotel around the world”

Tim Lewis, Operations Director, Sorrells

The Longueville Manor Wine Cellar is the first of its kind in Jersey and rivals the finest throughout the UK. The state-of-the-art facility hosts over 6,000 bottles and is available for wine tastings and tutorials. Private tours can be arranged by appointment only.

Guests can find the cellar through a beautifully built archway mirroring that of the Victoria Kitchen Garden. The cellar was designed by Sorrells Custom Wine Cellars, the UK's most prestigious wine storage experts who have notably worked for The Ritz, Galvin La Chapelle and The Dorchester.

All tasting events include a short tour and talk about the cellar and its unique wine collection.

Timing for all tastings:

- Start time: 5.00pm
- Finish time: 6.30pm (latest)

Maximum persons: 10

Minimum spend: £400

All tastings include mineral water, water biscuits and a small selection of canapés and cheese.

Please note that some wines may change owing to vintage change and supply issues.
