

Wines by the Glass

Prestige Collection

The Longueville Manor Wine Experience includes a comprehensive collection of wines by the glass.

This list ranges from a carefully chosen selection of house wines (featured in our full wine list) to a collection of some of the world's most iconic and highly sought-after wines.

We use three methods for keeping our wines by the glass in perfect condition:

- ❖ a simple airtight capsule system for our fast-moving house wines.
- ❖ the highly efficient Coravin system for the more distinguished wines by the glass.
- ❖ the latest wine dispensing technology developed by WineEmotion for the iconic and rare wines.

Please note that all wines served from the WineEmotion dispenser are sold as either a 75ml or a 125ml measure. All other wines by the glass are served as a 175ml measure.

All prices are fully inclusive.

WINEEmOTION

wine dispensing system

PERFECT TASTE – EXCELLENT CONDITION – LATEST TECHNOLOGY

When opening a bottle of wine, the oxidation process starts right away changing its flavour and its value fast. WineEmotion solves this problem preserving the wine for up to 30 days. Besides preserving the wine from oxidation, WineEmotion's unique nitrogen gas system, keeps aromas and fragrances intact.

WINES BY THE GLASS USING THE CORAVIN PRESERVATION SYSTEM

Coravin delivers an efficient solution to wine preservation. Unlike other wine preservers, which only delay the oxidation of your wine, the Coravin Wine Preservation System is designed to pour wine without removing the cork, so wine always taste like it has just been opened.
